CURRICULUM AND ACTIVITIES

Donel Slonchka, a special education of 20 years, has devoted her years of experience to working with students in an emotional support program. With a background in psychology and experience in working with children in a psychiatric hospital and a residential program prior to teaching, Donel has demonstrated a strong knowledge of social and emotional strategies that have fostered relationship building, trust, growth and development both in and out of the classroom. Donel looks forward to sharing curriculum options and activities soon.
